7th ANNUAL RADIOLOGY CORE CASE REVIEW COURSE
FEBRUARY 13 - AUGUST 13, 2023
Dear Colleagues,

I am honored to serve as President of the New England Roentgen Ray Society for 2022-2023. I offer sincere thanks to our immediate past president, Dr. Carolynn DeBenedectis, for her leadership over the past year. I’d also like to welcome our new management partner, Veritas Association Management, who bring years of experience in managing radiology societies like ours.

Our 2022-2023 educational programs begin on September 30, with a session on New Era of Radiology Opportunities and Challenges in Jobs hosted by Dr. Robert Gordon. In October, we will offer two education programs, Head & Neck: Skull & Skull Base Imaging, lead by Dr. Rihan Khan on October 14, and our annual NERRS Breast Imaging Refresher Course on October 15. Thank you to Course Directors, Dr. Carolynn DeBenedectis, Dr. Leah Portnow, and Dr. Shruthi Ram for creating this informative course.

On November 4, we will host our Women’s Imaging educational event hosted by Dr. Sona Chikarmane, and we kick off 2023 with educational events on Abdominal Oncology and Pediatric Radiology on January 27, and March 3 hosted by Dr. Caitlin Connolly and Dr. Abbey Winant. Our final educational event, focused on Women in Radiology from Patient Care to Leadership will be hosted by Dr. Ghasa Issa on May 5. CME will be offered for each of these courses.

Our popular NERRS Radiology Case Based Core Review Course is also being offered again. The comprehensive, 3-day program is led by 90 expert faculty from across New England, in a virtual format that draws attendees from New England and beyond. Look for more information on the Course, and our 2022 Job Fair during our live Town Hall Panel.

Thank you to the NERRS Education Committee, Sona Chikarmane, MD, Caitlin Connolly, MD, Robert Gordon, MD, Ghada Issa, MD, Rihan Khan, MD, and Abbey Winant, MD, for selecting interesting topics for this year’s program and to our many speakers who make our educational programing so outstanding. We also appreciate the many hours of work that our officers and Executive Committee invest in making our Society and programming beneficial to members. We thank all our members as well (trainees, academic radiologists, private practice radiologists, etc.) for their continued support and membership in our Society.

I am so honored to have been a member of this fantastic Society and now to lead NERRS as its President.

Sincerely,

Harprit Bedi, MD
